

PROJECT ECHO

EXTENSION FOR COMMUNITY HEALTHCARE OUTCOMES

August 2019 Newsletter

Air Pollution Impact on Pregnancy [August 9, 2019]

Join us for session 3 of 4 on “**Exposure in Pregnancy**” during Pregnancy Care ECHO on Friday, August 9 from 12:00 – 1:00 pm MT. Dr. Matthew Fuller will present on “**Air Pollution Impact on Pregnancy**” during the session – we welcome your questions and/or cases for consultation!

Interested in joining the session? Contact Christina Choate at christina.choate@hsc.utah.edu to request a calendar invite.

Do you have a case to discuss with the group? Submit the case details online here: <https://redcap01.brisc.utah.edu/ccts/redcap/surveys/?s=7WRECLFJT9>

COMING SOON!

Behavioral Health ECHO & Pediatrics teleECHO

Behavioral Health ECHO returns this fall – *Thursday, October 3* – with five new modules! We invite you to join us for discussions and case-based learning in (1) Substance Use Disorders, (2) Mood & Anxiety Disorders, (3) Personality Disorders, (4) Crisis Intervention, and (5) Clinical Psychopharmacology for Prescribers. Online registration will be available soon. If you are interested in learning more about this program or adding your email address to our email list, please contact Sarah Day at sarah.day@hsc.utah.edu.

Pediatrics teleECHO returns this fall as well – *Wednesday, September 25* – with a focus on adolescent health (screens & social media, substance use, transition to adult care, LGBTQIA care, etc.) and pediatric specialty care. Our interest survey is still live, so please share with us which pediatric and adolescent health topics interest you most: <https://www.surveymonkey.com/r/PedsECHOY2>. Online registration will be available soon. To learn more about this program or add your name to our email list, please contact Christina Choate at christina.choate@hsc.utah.edu.

Upcoming ECHO sessions

To learn more or join us for one of the following sessions, please contact Christina Choate at christina.choate@hsc.utah.edu.

<https://physicians.utah.edu/echo/clinical-support-areas/pediatrics.php>

Pregnancy Care:

"Air Pollution Impact on Pregnancy" (08/9/2019)

"Non-ICU Neonatal Abstinence Syndrome" (08/23/2019)

Data Usage Notification

In order to support the growth of the ECHO movement, Project ECHO® collects participation data for each ECHO program. This data allows Project ECHO to measure, analyze, and report on the movement's reach. It is used in reports, on maps and visualizations, for research, for communications and surveys, for data quality assurance activities, and for decision-making related to new initiatives. Please contact Christina Choate at christina.choate@hsc.utah.edu with any questions or concerns.
