Orthopaedics

The Department of Orthopaedics is dedicated to relieving pain, improving function, and restoring quality of life to the individuals who suffer from musculoskeletal injury or disease. We accomplish these goals by providing the most advanced clinical and surgical orthopaedic patient care, offering superior orthopaedic education and training, and conducting innovative research.

SPECIALTIES
- Adult Reconstructive
- Foot and Ankle
- Hand, Wrist, Elbow and Microvascular
- Pediatric Orthopaedics
- Physical and Rehabilitation Medicine
- Sarcoma and Surgical Oncology
- Spine
- Sports Medicine
- Trauma

PATIENT TRANSFER CENTER
1-877-ADMIT-2-U (1-877-236-4828)
Adult Reconstructive
(801) 587-7109
Christopher L. Peters, M.D., Chief
Harold K. Dunn, M.D.
Jill Erickson, PA-C
Erik N. Kubiak, M.D.
Chris Pelt, M.D.
Christen Van Dine, PA-C

- Arthritic conditions that have failed with non-operative treatment
- Arthroplasty of the hip and knee
- Congenital abnormalities of the hip and knee
- Hip impingement and labral injuries
- Operative total and partial joint replacement
- Traumatic injuries

Foot and Ankle
(801) 587-7109
Timothy C. Beals, M.D.
Naomi R. Laird, PA-C
Florian Nickisch, M.D.
Charles L. Saltzman, M.D.

- Adult flatfoot deformities
- Amputations
- Arthritic conditions
- Arthroscopic treatments
- Diabetic foot problems
- Neuromuscular disorders
- Operative and non-operative management of traumatic injuries
- Sports injuries
- Tendon and ligament problems and deformity

Hand, Wrist, Elbow and Microvascular
(801) 587-7109
Don A. Coleman, M.D.
Douglas T. Hutchinson, M.D.
Andrew Tyser, M.D.
Angela A. Wang, M.D.

- Bone and joint problems
- Brachial plexus
- Congenital hand differences
- Free tissue transfer
- Soft tissue injuries
- Sports injuries
- Tumors, rheumatoid surgery
- Vascular and nerve abnormalities (carpal tunnel)

Pediatric Orthopaedics
Primary Children’s Medical Center
(801) 662-5600
(801) 536-3600 (Shriners Hospitals for Children)

Stephen K. Aoki, M.D.
Kristen L. Carroll, M.D.
Jacques D’Astous, M.D.
Theresa A. Hennessey, M.D.
Stephanie M. Holmes, M.D.
Douglas T. Hutchinson, M.D.
Kevin B. Jones, M.D.
Joshua W. Klatt, M.D.
R. Lor Randall, M.D.
Stephen D. Santora, M.D.
John T. Smith, M.D.
Peter M. Stevens, M.D.
Alan K. Stotts, M.D.
Marcella R. Woiczik, M.D.

- Adolescent
- Benign and malignant tumor conditions of soft tissue and bone
- Cerebral palsy
- Complex foot problems
- Congenital deformity
- Congenital hand surgery
- Elbow and wrist disorders
- Hip disorders
- Limb reconstruction
- Metabolic bone disease
- Neuromuscular disease
- Osteogenesis imperfecta
- Scoliosis
- Skeletal growth abnormalities
- Spinal deformity
- Traumatic injuries and fractures
Physical and Rehabilitation Medicine
(801) 587-7109
Zach M. Beresford, M.D.
Colby R. Hansen, M.D.
Pamela A. Hansen, M.D.
A. Michael Henrie, D.O.
Richard W. Kendall, D.O.
Stuart E. Willick, M.D.

- Aquatic therapy
- Concussion Clinic
- Fabrication of splints and orthotic devices
- Massage therapy
- Non-surgical injury treatment
- Physical, sports and occupational therapy
- Prevention/health maintenance programs

Sarcoma and Surgical Oncology
R. Lor Randall, M.D., Director
Kevin B. Jones, M.D.
Robert Serpico, PA-C

Adult
(801) 585-5418

Pediatric
(801) 662-5600

Pediatric Hematology/Oncology
(801) 662-4700

- Atypical arthritides
- Atypical bone and soft tissue infections
- Benign and malignant tumor conditions of soft tissue and bone
- Metabolic bone disease
- Metatatic bone disease
- Osteonecrosis
- Pseudotumors

Spine
(801) 587-5451
Darrel S. Brodke, M.D.
Brandon D. Lawrence, M.D.
Jason Montgomery, PA-C

- Arthritis and disc disease of the neck and back
- Cervical and lumbar herniations
- Disorders of the cervical, thoracic and lumbar spine
- Non-surgical problems of the neck and back
- Revisions and reconstructive spine surgery
- Scoliosis
- Spine conditions in athletes
- Tumors, infections and trauma

Sports Medicine
(801) 587-7109
Robert T. Burks, M.D., Chief
Stephen K. Aoki, M.D.
Patrick E. Greis, M.D.
Emily J. Harold, M.D.
A. Michael Henrie, D.O.
Travis G. Maak, M.D.
David J. Petron, M.D.
Amy P. Powell, M.D.
Robert Z. Tashjian, M.D.
Bob Toth, PA-C, A.T.C.
Stuart E. Willick, M.D.

- Arthroscopic knee surgery
- Fractures
- Joint instability
- Ligament reconstruction
- Operative fracture treatment
- Rotator cuff tears
- Running injuries
- Shoulder replacement surgery
- Soft tissue injuries
- Tendonitis
- Training and injury prevention
- Women’s medicine service
  - Athletic spine injuries
  - Eating disorders in athletes
  - Exercise during pregnancy
  - Osteoarthritis and osteoporosis

Trauma
(801) 587-7109
Shannon Boffeli, A.P.R.N.
Thomas F. Higgins, M.D.
Erik N. Kubiak, M.D.

- Acute injuries
• Calcaneal and lisfranc fractures
• Chronic non-unions
• Complex articular fractures
• Leg-length discrepancies
• Pelvic and acetabular fractures
• Post-traumatic reconstruction
• Traumatic musculoskeletal injuries
