2020 GENERATIONS CONFERENCE
In partnership with University Neuropsychiatric

The Generations Conference was founded by the University Neuropsychiatric Institute, in partnership with the Utah Division of Substance Abuse and Mental Health. This conference aims to join health care providers and behavioral health professionals from Utah and contiguous states, to increase their knowledge of the behavioral health and substance use disorder issues facing today’s diverse society, and to develop and implement effective prevention and treatment programs and strategies.

MARCH 23-25, 2020

> For more information on this conference, visit esimgt.com/generations-2020

BEHAVIORAL HEALTH INTEGRATION

This series will launch Tuesday, April 14, 2020. This will be a bi-monthly (twice a month) series. Those interested in joining can email sarah.day@hsc.utah.edu and can propose topics they would like to have covered. The series will also introduce viewers to the UUH Behavioral Health Integration Model.

PATIENT CENTERED MEDICAL HOME

A new quarterly webinar series will teach the principles of Patient Centered Medical Home (PCMH) for clinics. Subject matter experts will share experiences, lessons learned, and best practices.

This series will teach the key attributes that resulted in 13 primary care clinics throughout the University of Utah Health system officially recognized by the National Center for Quality Assurance in 2019.

NEW BEHAVIORAL HEALTH RESOURCE FOR UTAH PROVIDERS

The State of Utah and University Neuropsychiatric Institute have teamed up to create the Consultation Access Link Line to Utah Psychiatry (CALL-UP). CALL-UP is a new legislative funded program designed to address the limited number of psychiatric services in Utah and improve access to them. This state program will help serve patients ages 24 and younger at no cost to providers or patients in the state of Utah. See the website.

AMPUTEE PATIENT EDUCATION

The Amputee Patient Education series with Dr. Christopher Duncan will focus on Phantom Limb Pain.

THE HUNTSMAN CANCER INSTITUTE: 10th Annual Hematology Review

This CME-accredited conference is organized by the Division of Hematology and Hematologic Malignancies at the University of Utah. A panel of experts in the different areas of benign and malignant hematology will give a series of lectures on the state-of-the-art diagnostic and therapeutic approaches in the treatment of hematologic diseases.

FEBRUARY 29, 2020  8 – 4:30 PM (MT)  > For more information on this conference, visit umarket.utah.edu/um2/hematology

2020 THERAPEUTIC ENDOSCOPY COURSE

This is a multifaceted gastrointestinal endoscopy course that will educate attendees on the diagnosis and treatment of a wide range and variety of gastrointestinal conditions.

MARCH 6-8, 2020  > For more information on this conference, visit medicine.utah.edu/internalmedicine/gastroenterology/events/therapeutic.php

INTERMOUNTAIN WEST HEPATOLOGY UPDATE

This year’s course will focus on the management of chronic liver diseases, including chronic hepatitis C, nonalcoholic fatty liver disease, Wilson disease and alpha 1 anti-trypsin deficiency. We will also discuss the role of liver transplant in patients with morbid obesity, severe alcoholic hepatitis and Wilson disease. Finally, this year we will also focus on the diagnostic approach of liver tumors with dedicated coverage of hepatocellular carcinoma and cholangiocarcinoma.

### Data Usage Notification
In order to support the growth of the ECHO movement, Project ECHO® collects participation data for each ECHO program. This data allows Project ECHO to measure, analyze, and report on the movement’s reach. It is used in reports, on maps and visualizations, for research, for communications and surveys, for data quality assurance activities, and for decision-making related to new initiatives. Please contact Christina Choate at christina.choate@hsc.utah.edu with any questions or concerns.
