INTRODUCING THE UNIVERSITY OF UTAH HEALTH BURN MEDPIC APP

INTRODUCING THE UNIVERSITY OF UTAH HEALTH BURN MEDPIC APP

Share HIPAA compliant photos of patient burns.

Receive assistance with patient care from your location.

Consult with a burn expert from an ABA verified Burn Center.

The new Burn MedPIC app allows for fast, state-of-the-art consults between primary care providers, and specialists in the fields of wound and burn care.

Read more about the new Burn MedPIC App here. Find additional recommendations and best practices here.

PREGNANCY AND OPIOID USE DISORDER EDUCATION SERIES

University of Utah Health and the Utah Department of Health are collaborating to provide unique learning opportunities for Providers, Nursing, Social Work and other Clinical Staff working with Pregnant Women and Women’s Health.

The Pregnancy and Opioid Use Disorder Education Series, supports providers and clinical staff in the current treatment, management and positive interaction for women with Opioid Use Disorder. The fourth session in this series will be on June 10, 2020. Sessions begin at 11:30 am.

The June 10th topic will be Training your Hospital Staff on Substance Use Disorders with Debbie Scoville, LCSW, MPA, Substance Use Disorder Coordinator for Intermountain Medical Center.

Upcoming topics include: How to be Trauma Informed and Trauma Responsive and State Reporting Guidelines. This series is held on Wednesdays, biweekly through March 2021.

PATIENT CENTERED MEDICAL HOME

The second session in this series will teach the principles of Patient Centered Medical Home (PCMH) for clinics. Subject matter experts will share experiences, lessons learned, and best practices.

This series will teach the key attributes that resulted in 13 primary care clinics throughout the University of Utah Health system being officially recognized by the National Center for Quality Assurance in 2019.

UPCOMING TRANSGENDER HEALTH SYMPOSIUM

The Transgender Health Program at University of Utah Health is planning a full-day symposium for Fall of 2020. This offering will be held by Zoom video conference.

Topics will include:
- Trans 101, Adolescent Transgender Medicine,
- Mental Health and Letters of Support, and
- Case Based Learning: Complications in Hormone Therapy.

Watch this space for symposium dates and additional details.

INJURY PREVENTION SUMMER LEARNING SERIES

The goal of this presentation is to create an interactive virtual learning environment for our community, partners, and healthcare personnel. The focus will provide injury prevention methods for varying high incidence mechanisms in our area as they relate to activity and season changes.

TRAUMA GRAND ROUNDS

The next Trauma Grand Rounds will be held by Zoom video conference on June 10 at 2 pm. The topic is PTSD/Suicide in EMS with Traumatic Mechanisms, with a presentation by Katie Davis, BSN, RN, AirMed Flight Nurse at University of Utah Health.

> See the flyer

UPCOMING TeleICU EVENTS

The TeleICU program offers 24/7 physician to physician consults with ICU intensivists and nurse to nurse telephone consults. In addition, we offer weekly live education on ICU topics. > See the June schedule.

UPCOMING BURN AND SOFT TISSUE INJURY ECHO

As the weather warms up there is an increased risk of burn injury sustained in the great outdoors. Please join us on August 5th for the Burn and Soft Tissue Injury ECHO. This session will focus on the treatment and management of ATV injuries and we will hear firsthand from parents whose daughter sustained a lethal injury. These special guests are passionate advocates for all terrain vehicle safety and support of burn survivors at the University of Utah Burn Center.

Announcing New Dermatology ECHO

You’re invited to join University of Utah Project ECHO for a series on psoriasis and psoriatic disease beginning Friday, June 26, 2020. Hosted by the region’s leading psoriasis experts. The series serves as a convenient way to improve upon your expertise while expanding your professional network.

With the support of a grant from the Psoriasis and Psoriatic Arthritis Clinics Multicenter Advancement Network (PPACMAN), this Project ECHO series is free of charge and open to any level of provider. Continuing Medical Education (CME) credit is available at no charge to those who join the session live.

The University of Utah has the only combined dermatology/rheumatology clinic in the Intermountain West as part of PPACMAN. Dr. Kristina Callis Duffin, MD, MS is the co-chair of University of Utah’s Department of Dermatology where her primary clinical focus is in the comprehensive care of patients with psoriatic disease, including monthly participation in a combined dermatology-rheumatology clinic. Jessica Walsh, MD developed and serves as the Director of the Spondyloarthritis Clinic. She is the Co-Director of the Combined Psoriatic Diseases Clinic in which psoriatic patients are jointly cared for by a rheumatologist and a dermatologist during the same clinic visit.

Join the meeting through Zoom:

**Topic:** Dermatology ECHO  
**Time:** June 26, 12 pm MST

- “Surgery: Cleft Lip & Cleft Palate” Faizi Siddiqi, MD & Barbu Gociman, MD (6/19/2020)
Zoom Updates from UNM Project ECHO

This week we are eager to share some very important news with you! In response to the many security questions raised globally, Zoom has released a new update to its software – Zoom 5.0. Importantly, this release addresses the encryption concerns many of you have expressed and 5.0 includes end-to-end AES 256-bit GCM encryption. Details about this important new release are available on the Zoom website.

At the ECHO Institute, our priority is safeguarding privacy and security for our partners. We encourage you to update to Zoom 5.0 as soon as practicable. Zoom has also prioritized this release, to the extent that prior versions will no longer work after May 30.

Next Steps:

• Unsure if you’re up-to-date? Open your Zoom client and click on the icon with your profile picture or initials, then click Check for Updates.

• Download the Zoom 5.0 update:
  o Zoom Windows Client Version 5.0
  o Zoom Mac Client Version 5.0
  o Visit your app store for mobile devices

• Consider sending a notice of this update to your spokes as well. Anyone who has downloaded Zoom will need to ensure it is up-to-date.

• We continue to encourage partners to review the latest updates from Zoom on their blog, which outlines newly developed and implemented security features and governance processes.

Data Usage Notification

In order to support the growth of the ECHO movement, Project ECHO® collects participation data for each ECHO program. This data allows Project ECHO to measure, analyze, and report on the movement’s reach. It is used in reports, on maps and visualizations, for research, for communications and surveys, for data quality assurance activities, and for decision-making related to new initiatives. Please contact us at project.echo@hsc.utah.edu with any questions or concerns.
