**Primary Care Ski and Learn CME**

**January 13 & 14, Snowbird Ski Resort**

This event brings together health care providers to discuss best practices for treating complex patients in the primary care setting.

This two-day event is held at Snowbird Ski Resort, near Salt Lake City. Speakers will present on pharmacy updates, cerebrovascular disease, common hematology problems, and many more. Attendees can receive 8.0 CME credits.

For a complete schedule, and to register, see the website at [https://uofuhealth.utah.edu/uimg/cme/family-medicine/](https://uofuhealth.utah.edu/uimg/cme/family-medicine/)

---

**Utah Cardiac Recovery Symposium 2020**

It is our great pleasure to invite you to the 8th Annual Utah Cardiac Recovery Symposium (U-CARS) on January 16-17, 2020, in Salt Lake City, Utah. The 2019 symposium attracted over 600 attendees and we look forward to hosting even more in 2020!

The 2020 symposium will once again host thought leaders and esteemed speakers from around the globe discussing ground-breaking research in the field of cardiac recovery which will span clinical, translational and basic sciences.

For more info, including topics and speakers, visit [https://medicine.utah.edu/cardiacrecoverysymposium/](https://medicine.utah.edu/cardiacrecoverysymposium/)

The Huntsman Cancer Institute 10th Annual Hematology Review

February 29, 2020
8am—4:30pm

This CME-accredited conference is organized by the Division of Hematology and Hematologic Malignancies at the University of Utah. A panel of experts in the different areas of benign and malignant hematology will give a series of lectures on the state-of-the-art diagnostic and therapeutic approaches in the treatment of hematologic diseases. More info.

2020 Therapeutic Endoscopy Course
March 6-8, 2020

This course is in its 24th year and is nationally renowned for its content and world-class faculty. This course combines faculty from the University Of Utah School Of Medicine and Harvard Medical School as well as other nationally recognized GI experts from around the United States.

This is a multifaceted gastrointestinal endoscopy course that will educate attendees on the diagnosis and treatment of a wide range and variety of gastrointestinal conditions. More info.

Intermountain West Hepatology Update
March 28, 2020

This year’s course will focus on the management of chronic liver diseases, including chronic hepatitis C, nonalcoholic fatty liver disease, Wilson disease and alpha 1 anti-trypsin deficiency. We will also discuss the role of liver transplant in patients with morbid obesity, severe alcoholic hepatitis and Wilson disease. Finally, this year we will also focus on the diagnostic approach of liver tumors with dedicated coverage of hepatocellular carcinoma and cholangiocarcinoma. More info.

Rocky Mountain IBD Course

We invite you to join us for a comprehensive overview of the diagnosis and management of inflammatory bowel disease (IBD) to be held from March 13–15, 2020 at the Grand Summit Hotel and Conference Center, The Canyons Village, Park City Mountain Resort, Park City, Utah. Take advantage of this cutting edge educational program in the beautiful Wasatch Mountains. More info.

Annual Obstetrics and Gynecology Update

The Annual Obstetrics and Gynecology Update, will be held February 9-12 in Park City, Utah. This conference familiarizes practicing physicians and health care providers with recent developments in clinical obstetrics and gynecology. The course is designed for those practicing general obstetrics and gynecology to enhance knowledge in current controversies and other clinically relevant topics. More info.
REMINDER! Barriers to case presentations...
If you’ve participated in our Behavioral Health ECHO program at the University of Utah, or if you treat patients with behavioral health concerns in your patient care setting, we invite you to participate in a survey! The intent of this survey is to explore barriers to the case submission and presentation process as a part of the Behavioral Health ECHO program.

ACCESS SURVEY HERE: https://redcap01.brisc.utah.edu/ccts/redcap/surveys/?s=MFEWH4E3FC

If you have any questions about the survey, please contact Mikyla Davis, DNP student at the University of Utah, at mikyla.davis@hsc.utah.edu. She’s terrific and we are very grateful that she is exploring this for her DNP Scholarly Project!

Thank you in advance for your participation. We look forward to using this data to better meet the needs of the communities we serve.

Continuing Medical Education, Nurse Contact Hours, OH MY!
Did you know...we offer AMA PRA Category 1 Credit(s)™ at no cost to those who participate live during ANY of our teleECHO sessions? Anyone who participates can claim this credit the day of the session. We also offer nurse contact hours to those who participate in Burn & Soft Tissue Injury ECHO, Behavioral Health ECHO, and Pediatrics teleECHO. To learn more, visit: https://tinyurl.com/vb99xlt

Is there a Continuing Education Credit that you’d like us to consider offering for qualifying Project ECHO programs? Please email Christina Choate at christina.choate@hsc.utah.edu and we’d be happy to consider your request.

Data Usage Notification
In order to support the growth of the ECHO movement, Project ECHO® collects participation data for each ECHO program. This data allows Project ECHO to measure, analyze, and report on the movement’s reach. It is used in reports, on maps and visualizations, for research, for communications and surveys, for data quality assurance activities, and for decision-making related to new initiatives. Please contact Christina Choate at christina.choate@hsc.utah.edu with any questions or concerns.
